Entering your Land Report

Answer the first two questions by selecting 'Yes' or 'No' from the dropdown

Do you have any acres that need to be reseeded?	--Select--
Do you have carryover inventory?	--Select--

Yes

No

To begin entering seeding information, click on **Update** beside the appropriate land location

SEC	TWP	RGE	MER	0 Acres Total Reported	480.00 Acres Total Insurable	0.00 Acres Non-Farmable	Update	
NE	OWNERSHIP Owned	NICKNAME	NW	OWNERSHIP Owned	NICKNAME	SE	OWNERSHIP Owned	NICKNAME

Working from left to right, enter your information into each box. It is recommended that you enter your information in order, as some of the options require the previous value to be entered first.

SEC	TWP	RGE	MER	0 Acres Total Reported	160.00 Acres Total Insurable	Acres Non-Farmable	Edit Land		
NE	OWNERSHIP Owned	NICKNAME							
PART	ACRES	INSURED	CROP	VARIETY	END USE	STUBBLE / FALLOW / IRRIGATED	SEEDING DATE	SEEDING PRACTICE	
--Sele--		--Sele--	--Select-- <input type="checkbox"/> SummerFallow	--Sele--	--Sele--	--Select--		<input type="checkbox"/> Broadcast Seeded <input type="checkbox"/> Underseeded <input type="checkbox"/> Organic	<input type="checkbox"/> Direct Seeded <input type="checkbox"/> Reduced Tillage <input type="checkbox"/> Conventional Tillage
+ New Field									
Reported Acres:	0								
REASON FOR INCREASE/DECREASE TO ACRES			COMMENT						
<input type="checkbox"/> Clearing/Breaking <input checked="" type="checkbox"/> Required									

Part: Select the part of the section from the dropdown

Acres: Enter the number of acres

- Too Wet to Seed Acres
- If you have acres that are too wet to seed, select [Too Wet to Seed](#) and a **Too Wet to Seed** box will appear asking for you to enter your information

PART	SEEDED ACRES	TOO WET TO SEED ACRES	FERTILIZED	IRRIGATED
NE	120.00	5	--Select--	--Select--

Enter the number of acres that were too wet to seed and select if they are fertilized or irrigated from the drop downs. Then select [Save](#)

Insured: Select 'Yes' or 'No' from the dropdown

Crop: Select the crop from the dropdown. If the crop is insured, the dropdown list will only show crops that were elected.

Variety: Select the variety from the dropdown

End Use: Select the end use from the dropdown

Stubble/Fallow/Irrigated: Select if the crop is stubble, fallow or irrigated from the dropdown. Irrigated will only show if it was elected.

Seeding Date: Click into the Seeding Date box and a calendar will appear. Select the seeding date from the calendar. If the crop is not insured or is part of a Silage Greenfeed Lack of Moisture subscription, there will be an option to check off the Future Seeding box.

Seeding Practice: Check off the relevant boxes for the seeding practices followed.

- If you are unsure about which seeding practice you fall under, select  and a list of seeding practice definitions will appear.

Seeding Practice

Broadcast Seeded - Crop that is seeded by mechanically spreading the seed on top of the soil

Underseeded - When an insured crop is seeded as a cover crop/nurse crop for a perennial crop such as hay

Organic - Crop that is seeded on land that is Certified Organic and the crop will be managed by industry accepted organic practices

Direct Seeded - No tillage passes

Reduced Tillage - Less than 3 tillage passes

Conventional Tillage - 3 or more tillage passes

Reason for Increase/Decrease to Acres: If there is a significant change in acres, you will be required to enter the reason for the acre change.

REASON FOR INCREASE/DECREASE TO ACRES	COMMENT
<input type="checkbox"/> Clearing/Breaking Required	<input type="checkbox"/> Other
<input type="text"/>	

Check either the **Clearing/Breaking** or **Other** box.

If you select **Other**, you will be required to enter a reason into the **Comment** box.

Once you have entered all information for your Land Location, select [Next Land](#) and repeat the above process.

Add New Field

If you have a new field to add to an existing land location, click [Update](#)

Cancel Remove Land

Ready to Submit

If you are in a specific land location, click on [Overview](#) to return to the Overview screen

If there are any errors, they will appear above each land location

 There are **1 errors** - please review your information

To remove the error, select [Update](#) and fill in required information

When all information has been updated with no errors, select [Validate & Review](#)

Upon the Land Report passing the validation check, you will be directed to the **Land Report Summary**

If you have additional changes to make, select [Return to Land Report](#)

If all the information looks correct, read the **Declaration** and click [Submit](#)

Declaration

I understand my insured acres will not be confirmed until I receive my Statement of Coverage and Premium. By submitting, I am stating the information I have provided is, to the best of my knowledge, accurate and complete. Your Land Report will be submitted. To change any reported information, you will need to contact your Branch Office.

[Return to Land Report](#)

[Submit](#)

After selecting submit, you will receive the following message and a confirmation email

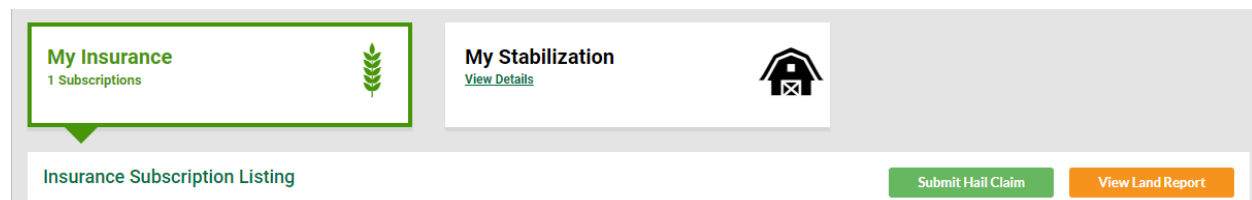

Your Land Report has been successfully submitted

Click [Return to Subscription Summary](#) to return to the home page.

Access your Land Report after Submitting

After submitting, you can access your Land Report to view your submission.

Click on “My Insurance”

The dashboard navigation bar features two main sections. On the left, the 'My Insurance' section is highlighted with a green border and contains the text 'My Insurance' and '1 Subscriptions' next to a green leaf icon. Below this section is a link for 'Insurance Subscription Listing'. On the right, the 'My Stabilization' section contains the text 'My Stabilization' and 'View Details' next to a house icon. Below this section are two buttons: 'Submit Hail Claim' and 'View Land Report'.

Click on [View Land Report](#)

Your submission will open allowing you to view the information you submitted. If you would like a copy of your submission, there is an option to print at the top of the page.
