## 2026 Late Participation Application for Fee Notice

### Deadline: October 1, 2026 for the 2026 Program Year

|                       |                                                          |               |
|-----------------------|----------------------------------------------------------|---------------|
| Identification Number | AgriStability PIN - add zeros at front to equal 8 digits | Business Name |
| 8 7 0                 |                                                          |               |

#### Reference Margin Election (select only one option)

Participants have the option to elect the Accrual Adjusted Reference Margin or the Optional Reference Margin, provided they meet the requirements below. **If you do not select an option, or select both options, the default method (Accrual Adjusted Reference Margin) will be applied.** For additional information about reference margin calculation options, visit [www.afsc.ca](http://www.afsc.ca).

#### Accrual Adjusted Reference Margin (default/historical method)

The Accrual Adjusted Reference Margin is calculated using your income and expenses as reported for tax purposes, including accrual adjustments. Accrual adjustments include changes in inventories, accounts payable, accounts receivable and purchased inputs.

By electing this option you:

1. Agree to have your reference margin calculated using accrual adjustments and provide reference margin accrual information for all reference years;
2. Understand that your reference margin will be calculated in this manner going forward unless you decide to elect into the Optional Reference Margin in a subsequent Program Year;
3. Have met the condition listed in item #2, under the Optional Reference Margin;
4. Understand that if you receive an interim payment in any Program Year under the Optional Reference Margin, before electing into the Accrual Adjusted Reference Margin, your reference margin used to calculate your interim payment will be different from the reference margin used to calculate your final benefit. If your interim payment is greater than your final benefit you will have to repay the overpayment;
5. Understand that if your operation is a partnership, **each partner must make their own election**; and
6. Understand that if your operation is combined with another operation, all members of the combined operation must use the same method of reference margin calculation.

☐ Yes, I select the Accrual Adjusted Reference Margin

#### Optional Reference Margin

The Optional Reference Margin is calculated using the same method of accounting that is filed for tax (cash or accrual).

By electing this option you:

1. Agree to have your reference margin calculated using the same accounting method used to report for tax purposes. Accrual information will still be required for the Program Year calculation;
2. Understand that your reference margin will be calculated in this manner going forward and you will only be able to change to an Accrual Adjusted Reference Margin once you have not had an Accrual Adjusted Reference Margin calculated in any of the **four** Program Years prior to the year the change is being requested;
3. Understand that if you receive an interim payment in any Program Year before electing into the Optional Reference Margin, your reference margin used to calculate your interim payment will be different from the reference margin used to calculate your final benefit. If your interim payment is greater than your final benefit you will have to repay the overpayment;
4. Understand that if your operation is a partnership, **each partner must make their own election**; and
5. Understand that if your operation is combined with another operation, all members of the combined operation must elect to use the same method of reference margin calculation.

☐ Yes, I select the Optional Reference Margin

#### Reference Margin Selection – 3 or 5 years (select only one option)

Producers who have not participated in AgriStability for four (4) years preceding the program year have the option to provide either three (3) or five (5) years of information to create their reference margin. Additional information can be found in the Application for Fee Notice Guide available at [www.afsc.ca](http://www.afsc.ca).

☐ I am selecting a 3-year reference margin

☐ I am selecting a 5-year reference margin
